Subject: COVID-19 (coronavirus) – Training Programs

As a follow up from our previous communications on the effects of COVID-19 we would like to issue some further information regarding training programs.

Effective today, all Basketball Tasmania related training programs are suspended until further notice. This includes all Future Development Program (FDP), State Development Program (SDP), High Performance Program, Advanced Academy, State Team Preparation, Camps, Coach Education, Referee Education and All Courses.

As the number of confirmed COVID-19 cases rise across the country, we believe the decision to temporarily suspend all fixtures and events is an appropriate measure to ensure the safety of our members.

This is not a decision that we have taken lightly and we would like to thank everyone for their understanding and patience during this difficult time.
